

AS 620 KM DISC MOWER

FOR USE IN

Meadow

Rear wheels with manual differential lock

Technical specifications on rear ▶

EFFICIENT FODDER PRODUCTION

The unreduced cut grass is deposited in large swathes. This saves work and permits easy, rapid removal.

EXTREMELY ECONOMICAL

Outstanding value for money due to the low procurement costs and extremely low-maintenance operation.

COMFORTABLE TO USE

Compared to conventional beam mowers, operation is far more pleasant due to the lack of jolts and vibrations.

STABLE MOWING MECHANISM

Durable, reversible blades that are ground and hardened on both sides ensure a clean cut.

LIGHTWEIGHT AND COMPACT

Ease of use during operation and low transport dimensions.

Recommended retail price inc. VAT.
